2013 Chairman of the Board, Danish Wind Energy Group China
2011-2013 Board Member, Danish Wind Energy Group China
2010-2014 General Manager, EUM Wind Power Technologies.

Education:

2007 M.A. University of Copenhagen.
2001 Chinese Language Studies, Capital Normal University.
2001 B.A. University of Copenhagen.

How I hope to contribute to DCCC

Having lived in Beijing for close to 14 years I have witnessed firsthand the tremendous development that China and the overall business environment has faced during this period. I hope that I can bring some of this experience with me, and at the same time, I hope that I as a member of the board can contribute to develop DCCC activities particular with regard to focusing on making DCCC relevant to small and medium size Danish enterprises in Beijing and North China.

If elected to the board:

I hereby state that if elected for the DCCC, Beijing & North China Board I will be willing to contribute to DCCC, Beijing & North China in line with “Purpose and Benefits of DCCC” stated on the DCCC web site.

Kind Regards

Peter Glinvad
