Annual General Meeting 23 March 2021

Dear Danish Chamber of Commerce - North China,

This is to notify you that I would like to be considered for a board position at the upcoming AGM meeting.

With my 25+ years of having lived in China, the presence and success of Danish companies here has played an important role during my time in this country.

As an experienced board member in 15 JV and Wholly foreign owned companies in China and various non-profit positions including the Danish Chamber in Beijing and in Shanghai as well as the International School of Beijing I will be able to provide valuable insights to the Board of Directors of the DCCC.

It is in respect of my China-focused background which allows me to understand the role of the secretariat and its usefulness to new Danish companies wishing to establish in China.

I believe that the DCCC plays a central role as an anchor point for Danish companies wishing to gain a better understanding of the Chinese market. I would like to contribute to this.

It has been an honor to serve as Chairman of the DCCC during the past calendar year and I understand that what is expected of a DCCC Board Member including participation in quarterly Board Meetings while making myself available at the disposal of the Chamber when need be. This is something that I will gladly continue to do and I therefore hope that I will get the chance to serve once again.

As requested, I have enclosed a short brief about myself.

Kind regards,

Mathias Severin Boyer
