

Candidate running to serve on DCCC East Board of Directors

Name: Poul G. Kristensen

Company: WE Dragons Trading & Consultancy

Position: Owner

Motivation:

I moved to China in 2009 and have been working for different Danish companies since. In 2020 I registered my trading and consultancy company, where we support European companies doing sourcing, quality control & inspections, etc. More general, my experience spans from Renewable Energy to IT Consultancy and Implementation, Sourcing, Quality Control, Production, logistics, and Business Development.

I have more than 40 years of international experience and besides being on the DCCC East board for 8 years now (being the Chairman from 2017 to 2020), I consider that I can still help the DCCC board to serve its members and keep developing to be the preferred partner for Danish people & companies in China. I am a team player, highly motivated, and with a lot of positive energy.
